Two Killed, 3 Wounded In Night Club Shootout

WILLOW SPRINGS, Mo. (AP) — A man and a boy were killed and three other persons wounded in a shooting at a night club. Wounded were Missouri Highway Patrol Trooper R. L. Ross; John Christopher, a bartender who officers said was identified as James Littleton, and a 13-year-old employee.

Sentence Upheld

JEFFERSON CITY (AP) — The Missouri supreme court today upheld the conviction and 25-year sentence of Benjamin Henry Ward, who with an accomplice, Joe Booker, both of St. Louis, were accused of robbing Mrs. V. S. Stephens and her late husband

at their Kluge's Hill Liquor Store north of Sikeston on highway 61.

The robbery took place in the fall of 1968.

Booker's 25-year sentence was recently upheld by the supreme court.

Authorities said a man identified as James Littleton, and a 13-

year-old employee of the club, as the person to whom Vitale and La Barbera had sold the bogus bills.

Bluff Man Freed In Counterfeiting

ST. LOUIS (AP) — U.S. District Judge Roy W. Harier today postponed the Oct. 12 trial of two St. Louis area men charged with possessing and selling counterfeit bills and dismissed an indictment against a third man.

Harper said he had been informed by an attorney for the Justice Department that Treasury agents would be unavailable to testify during October. He reset the trial for Nov. 9.

Charged are Phillip J. Vitale, 48, of St. Louis and Anthony J. La Barbera, 37, of suburban Lemay. They were arrested in August at Lambert-St. Louis field with \$20,000 in counterfeit bills in their possession.

A similar indictment against Kenneth Katz, 33, of Poplar Bluff, Mo., was dismissed. Harper said Katz was identified

BELL CITY — Evelyn Driggers, 53, of route one, is reported in satisfactory condition today at the Missouri Delta Community Hospital where she was taken Saturday afternoon for treatment of face cuts.

Jack Stewart, Scott County deputy sheriff, said he was called at 6 p.m. Saturday by people living near the woman's home where blood was observed on the front porch. Stewart and Highway Patrolman Don Shelton went to the home near Vanduser.

Stewart said they found the woman laying in a pool of blood in the front room. He believed she was near death as a result of a loss of blood.

The deputy said apparently Mrs. Driggers was injured early Saturday and had been lying there all day.

Raymond Turner, 50, of near Bell City, has been picked up in connection with the incident.

Stewart said Mrs. Driggers told authorities Turner, her brother-in-law, beat her with a bottle.

Turner, who is in the Scott County jail at Benton, said she fell on the bottle.

A wine bottle was found at the home.

CAPITOL HILL'S LONG HOT SUMMER

Members of Congress are masochists. Why else would they choose, year after year, to remain in Washington during the summer months instead of winding up business by Independence Day? Congress has not adjourned before September since 1958. It has adjourned in July only twice since World War II. In the first decade of the 20th century, sessions averaged 132 days, less than half the 1960s average.

A 17,000-YEAR OLD INDUSTRY STAYS YOUNG

The 17,000-year-old clay pot industry stays modern, in tune with the rising popularity of container gardening with houseplants.

Some eight family-owned potters in New York, California, Pennsylvania, Connecticut, Missouri, Michigan and Ohio are kept busy supplying more of the millions of flower pots that contain some \$500,000,000 in house plants sold annually in the United States. These potters use mechanized assembly lines to supply the demand for porous red clay flower pots.

The industry is helping the American florists to increase their pot plant sales by popularizing the decorative use of the plants. In fact, pot plant sales now account for about one-third of the florists' total retail volume compared to one-fourth 10 to 15 years ago.

By reminding buyers of the "keeping qualities" of plants in clay pots, and their convenience in both inside and outside use, the centuries-old clay industry has found a responsive buying public.

Significantly, however, in spite of the growing necessity of "revitalized" regulation, the rails have moved steadily ahead in response to shipper requirements. A top official of the industry reports America's railroads "are pushing ahead with continued modernization programs and service innovations all along the line. And the industry is going after its full share of the nation's growing transportation volume..." He added that in this centennial year of transcontinental rail service, the rails are contributing every bit as much to the nation's future as they did in the early 10 to 15 years ago.

By reminding buyers of the "keeping qualities" of plants in clay pots, and their convenience in both inside and outside use, the centuries-old clay industry has found a responsive buying public.

stamps for instance. Few realize hijackers on the ground before the scope of the trading stamp take-off has failed. Something business. Some idea of its size must be done to half such was indicated recently when one skyjacking after the hijacker has of the major stamp companies revealed his intentions in the air, issued a release accompanying Airline pilot organizations, publication of its 1969 governments, airline associations merchandise catalog. It is and individual companies all are available at 65,000 businesses working on the problem but establishments, large and small, some really imaginative thinking that give its trading stamps. Over will be essential to solve the 30 million copies of the catalog problem will be distributed representing the largest single printing job in the world.

Because of the danger to innocent passengers, shooting it out with skyjackers has usually been avoided. In a few cases, skyjackers have been thwarted by means of such shootouts, but if they continue, a passenger will eventually be the victim of a stray shot or the pilots will be killed, causing the plane to crash with all on board.

A proposal which it is believed has merit involves use of a tranquilizing agent which could be injected into skyjackers from 50 feet away or more by a stewardess or other crew member. Such an impulsion could look as harmless as a fountain pen. A check of available tranquilizing agents reveals none presently in use which could incapacitate skyjackers quickly before they can cause harm to others, while at the same time being mild enough to cause no permanent injury to a bystander. However, our personal enterprise drug manufacturers, if given the task, certainly have the talent to develop such a tranquilizing agent.

Can a Girl Think Herself Pregnant And it Actually Be So?

Dear Ann Landers: Can a girl a rich man -- especially if she THINK herself into pregnancy? I helped him get rich. I do agree that a childless pregnant so desperately that she actually believes she is? A friend of mine told me this happened to her cousin. The girl was married for six years and wanted a child more than anything in the world. She went to several doctors who said there was no physical reason why she and her husband could not have a family. Suddenly she began to have morning sickness. She was positive she was pregnant at last, even though her gynecologist told her she was not. The girl gained 30 pounds and bought maternity clothes. After nine months she woke up in the middle of the night with labor pains. The doctor on duty at the hospital told her she was not pregnant and she must have eaten something that didn't agree with her.

Is this possible? Please answer because I believe something similar is happening to me. The only difference is I am not married. --Knitting Booties In My Head

Dear Knitting: A woman cannot THINK herself into pregnancy but she can want a child so desperately that her body develops all the physical symptoms. The medical term for imaginary pregnancy is pseudo-cytosis. These emotionally disturbed women need psychiatric care.

Dear Ann Landers: Please tell me what you think of the organization called the O.W.L.'s -- short for Other Women Ltd. The purpose of this group is to rehabilitate ex-wives. They help the "Alimony Junkie" shape up instead of sitting around watching TV, drinking martinis, overeating, and making life miserable for her former husband. O.W.L. points out that a man who commits murder can be freed in 20 years but a man who is the victim of a bad marriage often has to pay for it the rest of his life.

The O.W.L.'s are NOT against child support. They insist that a father has a moral obligation to take care of his children until they are of legal age -- to see that they are properly fed, clothed, housed and educated. They claim it is unfair for an ex-wife to sit on her backside and collect alimony to "get even with the louse" or because she is too darned lazy to move. Please express your views. --Garden City

Dear Gard: The goals of the group, as outlined in your letter make sense for SOME ex-wives, but not for all. An exception is the woman who, after 25 or 30 years, gets dumped for a younger model. If she has no skills and has never worked she should not have to start punching a time clock. Ditto. The subject on Wednesday will be Flower Arrangement. The ex-wife who is in poor health, or the discarded mate of

Warren, Ohio: Dry your tears, Buttercup. A bargain she wasn't. There are plenty more where she came from. It's like losing a watch in Switzerland.

OXNARD, Calif. (AP) — Bookler T. Lee, one of 34 children, and his wife, one of nine, have become parents of their 18th child.

Ethel Mae Lee, 39, said from her hospital bed Friday: "The Lord has been good to us, but enough is enough."

Her husband, a 48-year-old carpenter, agreed.

Their latest child, Alisa Colette, is three days old.

The first child also was a girl, Shirley Diane, 21.

Lee said the family had had some "rough times" because of instability in the construction business.

The parents and their 11 girls and seven boys live in a four bedroom house. His salary, he said, ranges from \$90 in bad times, to \$200 weekly when work is plentiful.

The three eldest girls have joined the Youth Corps. Each earns \$22 a week while in training. "That helps a lot," said Lee.

Arkansas Surprised; Bama Raked 42-21

By THE ASSOCIATED PRESS held off Duke 21-19; 18th-ranked If you're a college football fan, it's a good place to be on Oct. 14-9; Oklahoma, tied for 10 is Stanford, Calif. That's the 20th, knocked off Southern day Southern California comes Methodist 28-11 and West to town for a game with the Virginia, another No. 20, blasted Indians that almost though will William & Mary 43-7.

Indians' ranked 11th, swamped Baylor Friday night 38-0 in the first major game of the season.

Both California powers opened their seasons Saturday with impressive victories.

Stanford, ranked 10th in the Associated Press preseason poll, gave a national television audience a good look at up while Plunkett was riddling the Arkansas defense for 21 completions and 245 yards as the Indians piled up a 27-0 lead.

Southern Cal, rated third, sent Sam Cunningham and a host of other relentless runners crashing through the once-proud defense of 16th-ranked Alabama for 485 yards and a 42-21 pounding.

The only other Top Twenty team to lose was No. 17 South Carolina, which bowed 23-20 to Georgia Tech. Nebraska, No. 9, Nebraka combined the trounced Wake Forest 36-12; passing of Jerry Tagge and the 14th-ranked Kansas State ripped running of Joe Orduna, who Utah State 37-0; No. 15 Florida missed last season with an

injury, to crush Wake Forest. Missouri's Joe Moore rambled for 171 yards and a touchdown and passed 72 yards to Mel Gray for another score as the Tigers, who usually aren't impressive in opening games, routed Baylor.

Kansas State turned blocked plays by defensive end Mike Kuhn into a safety and touchdown and hammered Utah State despite the subpar performance of quarterback Lynn Dickey.

Florida's John Reaves-to-Carlos Alvarez aerial attack produced only four completions but Tommy Durrance barreled over for two TDs as the Gators outlasted Duke's trigger-armed Leo Hart-Alvarez, by the way, returned a punt 67 yards for a touchdown.

Sophomore Eddie McAsahan, first black quarterback at a major school in the Deep South, engineered two second-half scoring drives as Georgia Tech came from behind to tip South Carolina.

UCLA's Dennis Dummit, lacking a running attack to take the pressure off his passing with flashy Mickey Cureton out for the season, hit Bob Christiansen with scoring passes of nine and 26 yards in the third period to wipe out a 9-0 deficit.

Caruthersville Offense Explode For 73-0 Win

CARUTHERSVILLE—Coach Bo Belcher's CHS Tigers unleashed a devastating offense in its season opener Friday night and buried Delta C-7 of Deering, 73-0.

George Carr led the 11-man scoring barrage with 12 points while extra point specialist Mike McKaskle added 11 on three two-point conversions and five boots.

Caruthersville opened the game with 27 points in the first quarter and added seven in each of the second and third before rounding out the big night with 24 points in the fourth.

Mike Malone, Kenny Dehoff, Dickie Taylor, William Reno, Rick Hopper, Marcus Right and Gary Keller each scored a TD for the Tigers while Bob Pierce had a TD and two-point conversion.

Orioles Move Within 3-Game of East Title

By THE ASSOCIATED PRESS

Steve Hargan's fast ball was gone with the wind, Rich Morales' Homer was gone in a flash ... and the Baltimore Orioles were just gone. Hargan said the wind helped as he pitched a two-hitter to lead Cleveland over New York 3-1; Morales delivered a thunderbolt Homer as Chicago nipped Minnesota 8-7 and the Orioles bombed Boston 13-2 Sunday to cut their magic number in the American League East to three games. "I had the wind behind me," Hargan quipped after allowing the Yankees a fourth inning single by Roy White and a single by Danny Cater in the eighth. "I'd always heard that if you get a good horse, ride it, so I stayed with my fast ball." Morales' first major league Homer, a sixth-inning shot off Jim Kaat, was the winning margin after the White Sox scored seven times in the fifth and held off a ninth-inning rally by the Twins.

The Orioles' clinching number for the East Division pennant was reduced with the Yankee loss. Baltimore is out of hailing distance with a 14-game lead over New York.

Elsewhere in the AL, Kansas City took a pair of extra-inning affairs from Oakland by identical 8-7 scores; California turned back Milwaukee 2-1 and Washington cuffed Detroit 10-0.

In the National League, St. Louis beat New York 5-4 in 13 innings; Chicago stopped Pittsburgh 3-2; Montreal bounced Philadelphia 4-2; Houston toppled Atlanta 10-6; San Diego beat Cincinnati 5-4 and Los Angeles defeated San Francisco 5-3 in 10.

Hargan by Craig Nettles and Buddy Bradford helped Hargan notch his ninth victory in 12 decisions. The Yankees scored an unearned run in the fourth.

The White Sox, playing their last game under acting Manager Bill Adair, sent 12 men to the plate in their big fifth inning—but needed Morales' long ball for the deciding margin. The West Division-pacing Twins were a run short with their tworun uprising in the ninth.

Chuck Tanner takes over as field boss Tuesday at Kansas city, replacing the recently-fired Don Gutteridge.

Mike Cuellar, Baltimore's stickout southpaw, won his third game as the Orioles ran their winning string to six.

Mark Belanger, Boog Powell, Merv Rettenmund, Brooks Robinson and Cuellar each knocked in two runs as Baltimore wrapped up the victory with three runs in the sixth inning and six in the seventh.

Lou Piniella knocked in the tying and winning runs with a two-out triple in the last of the 11th to give the Royals their first-game victory. Ed Kirkpatrick scored Jack Hernandez with a two-out, pinch single in the 12th to complete the Royal sweep.

The twin win spoiled a big day for the A's Reggie Jackson, who collected his 21st Homer, a double and four singles in the doubleheader.

Cards Trip Mets; Torre, Hague Homer

By THE ASSOCIATED PRESS Joe Torre hit a leadoff home run in the 13th inning Sunday to give the Mets a 5-4 victory over the Reds in New York and tightened up the National League's East Division race.

Torre's blow came off reliever Ron Herbel. It was his 20th Homer of the season. Frank Linz earned the victory for the Cardinals, his fifth against six defeats.

Linz, Nelson Briles and Frank Bertina set down 22 straight New York batters after two were out in the sixth. The Cardinals had a three-run lead in the fifth after a walk to Lou Brock, Julian Javier's sacrifice and Joe Hague's third hit of the game. However, the Reds rallied to tie it in their half of the fifth.

Danny Murtaugh and Steve Blass were just a handshake away—when Matty Alou let the Chicago Cubs slip through his fingers.

Alou, Pittsburgh's usually sure-handed center fielder, muffed a fly ball with two out in the ninth inning Sunday and the Cubs went on to keyo Blass and score two quick runs for a 3-2 victory that tightened the three-team scramble for the National League's elusive East Division title.

The sudden turnaround carried the third-place Reds within one game of the first place Pirates and within one-half game of the runner-up New York Mets, who lost 5-4 to St. Louis on Joe Torre's 13th inning Homer. It also caught Murtaugh, the Pirates' manager, with his hand outstretched.

"To tell you the truth," he said, "I was stepping out of the dugout to shake Steve's hand."

Blass led 2-1 and was out from a five-hit victory when Alou dropped pinch-hitter Willie Smith's short fly for a two-base error. Don Kessinger laced a run-scoring single on the next pitch to tie the game, took second on Glenn Beckert's first-pitch single—which finished

the two-run first inning as California snapped a nine-game losing streak with its victory over the Brewers. Right-hander Tom Murphy, halting a personal five-game losing streak, and reliever Dave LaRoche combined to blank the Brewers until the ninth, when Tommy Harper hit a run-scoring single off Mel Queen.

Joe Coleman stymied Detroit on three singles in Washington's romp over the Tigers.

Rich Reichardt, who hit a two-run Homer in the first inning for the Senators, was hit by a pitch in the eighth and headed for the mound as if pitcher Daryl Patterson was aiming at him. Both benches cleared, but the Pirates' manager, with his first-pitch single—which finished

"Our was as difficult to lose as theirs," Reds Manager Gil Hodges said in New York after his club blew a chance to grab the division lead. "We went 13 innnings."

Nicklaus' Winnings Near \$200,000 With World Series Title

Associated Press Golf Writer one, beat the other three guys AKRON, Ohio (AP) — The who have won major or big guy with the golden name sat championships, well, I feel like there and looked positively this good when someone informed him he had averaged almost \$20,000 a round for his six appearances in the World Series of Golf.

"It is that so?" replied Jack Nicklaus, who then shrugged.

Nicklaus appeared on the verge of collapse in the front nine over the 7,180-yard Firestone Country Club course Sunday in the final round of the World Series.

In those nine holes he had recorded four bogeys, missed three fairways and five greens, was in four traps and missed five putts under nine feet.

And Dave Stockton, the 28-year-old PGA champion, had pulled into a tie with him in the chase for the \$50,000 first prize in this event that brings together the holders of the world's four major championships—the Masters, PGA, U.S. and British Opens.

"I was terrible on that front nine," Nicklaus said. "Just terrible."

"I began to think I wasn't going to win it and I thought, 'I've got to get started, got to get some momentum, got to get it going,'" he said.

He did with three consecutive clutch putts starting on the 13th.

Nicklaus birdied that one from 15 feet, rolled in another from 17 feet on the next hole and saved par with an 18-footer on the 15th.

He also birdied the 17th from 12 feet and finished with a par 70 for 136 and a three-stroke margin over Stockton and Masters champion Billy Casper, tied for second at 138. Each won \$1,250.

Casper had a final round 68 and Stockton a 70. Tony Jacklin, the young Englishman who holds the U.S. Open crown, also had a 70 for 141 and picked up \$5,000.

The victory pushed Nicklaus' winnings for the year to almost \$200,000, but the \$50,000 does not count on the money list since it is considered an exhibition by the PGA.

Nicklaus now has won more than \$26,000 in six World Series appearances.

"I always aim for the four major championships," Nicklaus said as he started to explain his feeling about this tournament.

"Winning one of those is a condition for getting in this tournament."

In St. Louis May Overtake Whites

ST. LOUIS (AP) — A research associate for the Urban League said Sunday he believes the city's Negro population will have nearly overtaken that of whites when the Census Bureau's final reports are in.

Ben R. Zaricor said he had analyzed Census Bureau figures, those compiled by the Coalition for a Black County and those of other groups in determining that 300,000 of the city's estimated 608,000 residents are Negro.

"There is a good possibility the whites will be in the minority in St. Louis when the final figures are in," he said.

The 51-49 estimate in racial percentages by Zaricor contrasts with the city's 71 percent white population in 1960 and 82 percent in 1950.

During the 1960s, Zaricor said, the city's black population increased about 39 per cent while the white population was decreasing 37 per cent.

The Urban League's estimate on racial distribution of St. Louis County's 947,000 persons included 96 per cent white and 4 per cent black.

No racial breakdown on Census Bureau population figures has been announced. St. Louis' population, according to the preliminary figure given in July, dipped from 750,000 in 1960 to 608,000 in 1970.

QUESTION: IS THERE ANY PARALLEL BETWEEN PHARISEE AND FUNDAMENTALISTS?

ANSWER: That Detroit-area radio pastor who spurned righteousness of God." There is identification with "Fighting no more parallel between Fundamentalists" recently Pharisees and Fundamentalists, classified Fundamentalism in that each believed in Phariseeism. Having been too extreme, he acquiesced a few male and female who alike voted days later that it would be all right to be a Fundamentalist; however, true Fundamentalists are stable in their convictions Scripture teaches: "Be ready ALWAYS to give an answer to every man that asketh you a reason of the hope that is in you."

The Pharisees rejected their Messiah, Jesus Christ, and trusted their religious ceremonies instead. Since salvation is "by grace through faith," and "not of works," the Pharisees must be labeled between Fundamentalists and

Pharisees do exist, considering the love of God. Scripture teaches that God is, "No respecter of persons, and that, "All have sinned." In this condition, "God commandeth His love toward us, in that, while we were yet sinners, Christ died for us. Much more than, being now justified by His blood, we shall be saved from wrath through Him." As Fundamentalists became Christian through the Messiah, so anti-Christ Pharisees must trust Jesus Christ for salvation. "Except ye repent ye shall all like perish." Make your salvation sure!

rejected a new tax levy proposal. The vote Thursday on a \$5.60 two-year levy was 11,716 in favor and 10,159 against. A two-thirds majority was needed. School officials said they would meet over the weekend to decide when to submit another proposal and when to open school.

In St. Charles, where a tax levy proposal was defeated Tuesday, school officials Thursday night decided to resubmit the same \$5.53 levy on Sept. 26. The board did not make a decision when to reopen school but will seek an attorney general's opinion on its liability for teachers' contracts if there is not a full school year.

Schools remained closed in Ritenour and Wentzville pending levy elections next week.

In Riverview Gardens, when a levy failed Tuesday, it was announced another election was set for Sept. 24 and that schools reopen on Monday.

The Hazelwood district also has set another election for Sept. 22.

Both districts said if the levies fail the schools would have to close in October.

Cosmetologists To
Meet Sept. 20-21

1969 Annual Report Scott County Health Center

ENVIRONMENTAL HEALTH written to proper authorities.

The ecologists say we are faced with an environmental crisis which may threaten man's ultimate survival on Earth. An ecologist is a person who has made a study of the biology dealing with the relationship between organisms (plant and animal) and their environment.

The pace of technological change, our soaring population, urbanization, the build up of chemical contaminants in our environment - all these things threaten the nation and the world with environmental disaster unless we act quickly to halt the present trend.

The public is concerned about polluted water and air, mountains of waste, pesticides, radiation and noise. Our quality of life is being threatened by a fast change in the systems and subsystems of agriculture, transportation and industrial developments for economic purposes.

We as environmental health professionals must help keep the eyes of the public fixed on the broad goal of total health and welfare of man and a more livable environment.

We feel a responsibility to the public to define, as well as possible, what is happening to our environment.

As a regulatory authority, we intend to use it fully and fairly, and we will seek new authorities, where we find they are needed.

We will cooperate fully with State and Local Governments to help strengthen environmental and consumer protection programs.

We know that all decisions that affect human health and welfare are not made by the Health Department and our full cooperation will be extended to all specialized interests and agencies that affect the total environmental system.

The following is an expanded explanation of some of our major fields of work.

FOOD PROGRAM:

We hold annual food personnel training schools which are open to all personnel.

We work jointly with the Liquor Control Division to bring all taverns in the county up to minimum sanitary standards.

All new establishment plans are reviewed before and during construction in an effort to upgrade standards.

All school cafeterias are inspected and reports

written to proper authorities.

We sample all food where there is suspected food poison cases, and interview those persons affected in order to determine the exact cause of illness.

All eating and drinking establishments are inspected on a regular basis. Where there is some difficulty meeting standards or there is a complaint, the inspections are increased to meet the situation.

We embargo and destroy all foods and drugs which are damaged beyond salvage in case of fire or other actions which affect the quality of food.

The inspection of beverage plants, bakeries, slaughterhouses, schools, and warehouses come under this program.

To Be Continued.

Dear Mr. Sorum:

May I first of all congratulate you on the opening of your beautiful drug store and welcome you to our community.

Secondly, I would like to extend our sincere thanks for the full page exposure and the very kind words you published about the Missouri Delta Community Hospital with your add in the Daily Sikeston Standard a few days ago. We are very proud of our community and our hospital and are delighted that you have chosen to share them with us.

You have an open invitation for a personal tour of the hospital at your convenience.

Best wishes,

CAFE GIRARDEAU — The Regional Cosmetology Association, Affiliate 23, will sponsor a conference for licensed cosmetologists Sept. 20-21 at the Cape Girardeau Ramada Inn. The conference is open to licensed cosmetologists. Persons need not be a member of Affiliate 23 in order to attend.

The conference will feature a noted stylist and University of Missouri-St. Louis personnel, who will conduct programs dealing with several topics, including customer relations and communications skills.

The Sept. 20 session will begin at 10 A.M. The Sept. 21 session will begin at 9 a.m.

Registrations may be made by sending a registration fee for both or either day to Mary Jane Smith, Cape Girardeau School of Beauty Culture, Cape Girardeau, Missouri, 63701.

WCTU Condemns .

Alcohol, Drugs, Sex

Education, Nudity

LOS ANGELES (AP) — Alcohol, narcotics, the practice of "sensitivity training," sex education and war have been condemned in a series of resolutions adopted by the 96th annual convention of the National Woman's Christian Temperance Union.

Alcohol was criticized by delegates in a resolution Monday for "its role in brain, heart, liver and other bodily damage."

Another resolution described the use of narcotics as a terrible hazard to life and property.

Sensitivity training was described as a "strange and new doctrine" and criticized because "it promotes nudity as a means of casting off inhibitions, fears, unpleasant moral convictions, shame and guilt complexes."

Another resolution opposed sex education on the grounds that such instruction should be a family matter.

War, said another resolution, "is destructive to life and property and ... there are better ways of settling differences between nations." The resolution supported President Nixon's efforts to bring "a speedy end to the war in the Far East and in the Middle East."

Mrs. Fred J. Tooze of Evanston, Ill., was unanimously reelected president of the union for a 12th one-year term.

Also re-elected was Mrs. T. Roy Jarrett of Richmond, Va., vice president at large and also president of the World WCTU with affiliates in 72 countries.

You have an open invitation for a personal tour of the hospital at your convenience.

Best wishes,

Booby Traps May Cause Up to Half of GI Deaths

WASHINGTON (AP) — Pentagon sources say as many as half the 43,000 Americans who have died in the Vietnam war

may have been killed by booby-trap devices.

The official military estimate

of booby-trap casualties is much lower. But, because there is no precise record of the cause of wounds, the figure could be much higher, officials say.

Included in these figures are 10,717 Marines killed in the war.

Twenty-four per cent—or 2,600

were killed by mines, booby traps and miscellaneous

explosions.

A rough Pentagon breakdown of combat deaths attributes 17,000 to small-arms fire; 8,000 to multiple

fragmentation wounds caused by mortars and artillery; 3,000 in aircraft crashes, and 6,500 to the figures are firm. The areas

shade into one another when it

comes to fragmentation wounds, programs to get at the problem and since nobody is keeping a precise record, Army and Marine are receiving as much attention as ever. Latest twists are

mine-sniffing dogs and ex-Viet Cong troopers dropping by units for lectures.

The booby trap also has taken an increasing toll on political ramifications.

Sen. Alan Cranston, D-Calif., has echoed some antiwar claims that half the Americans killed in

Vietnam as the fighting trails off into more classic guerrillas.

Extensive Army and Marine war met death this way.

Marine
Band to
Cape

CAPE GIRARDEAU — "The Red-Coats are coming!" In 1775, that announcement was ominous to it heralded the militant approach of the British troops.

Now, "Rally 'Round the Red-Coats" is good news and means that the red-coated United States Marine Band will arrive in Cape Girardeau Nov. 11 under the auspices of the Rotary Club as a part of the presidently approved tour, to present two concerts.

General Co-Chairmen Wendell Black and Hugh McCall announce that matinee and night concerts will be presented at the City Arena, with musical works by the world's finest composers, stirring marches, and solo performers which have brought the Band acclaim from visiting dignitaries of almost every country in the world.

Under the directorship of Col. Albert Schoepper, the band is known to millions of Americans through its annual tours, its frequent radio television appearances, and its concert series in the nation's capital. The annual tours originated under the direction of John Philip Sousa in 1891 and have afforded Americans living outside the Washington area an opportunity to see and hear the world-famous band.

Given the title "The President's Own" by Thomas Jefferson, the Marine Band has played for every inauguration since. Created in 1798 by an act of congress, the band has played for all official functions in the nation's capital and all important history-making events in this country.

Boy Loses Life

Playing in Car

In Closed Garage

SPRINGFIELD, Mo. (AP) — A 10-year-old boy who apparently started the engine of his grandparents' car and drove it back and forth in the garage was found dead of carbon monoxide poisoning Friday.

The boy, Ronald Ray Alloway, was discovered by his grandfather, A. C. Langley when the latter, unable to contact the child by telephone, returned home from work.

Police officer Harvey Rector said the boy was at the grandparents' home during the afternoon and scratches on the car indicated he had practiced driving the vehicle before collapsing and partly falling out the door of the parked car.

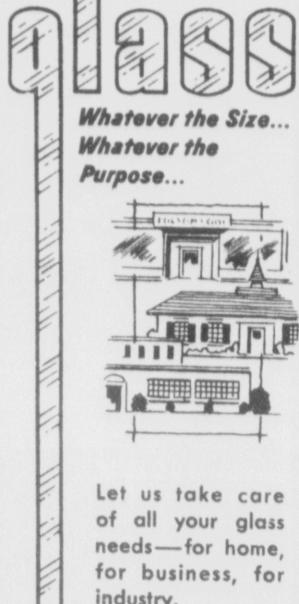

Rector said the child's grandmother had telephoned him during the middle of the afternoon and talked with him but an hour later, when the grandfather called, there was no answer. The man returned home and found the body.

ARMED FORCES

WICHITA, Kan. — Berniss T. Poore, son of Mr. and Mrs. T. Poore of 939 Mott St., New Madrid, Mo., has graduated at McConnell Air Force Base, Kan., from the air force aircraft maintenance technician course.

The sergeant, who was trained to supervise maintenance of multi-engine jet aircraft, is remaining at McConnell for duty with the Tactical Air Command which provides combat units for air support of U.S. ground forces.

Sergeant Poore, a 1950 graduate of Maynard, Ark. high school, has served in the Republic of Korea. His wife, Toris, is the daughter of Mr. and Mrs. Hub Shaw of route three, Sherman, Tex.

Columbia -- The only questionable link in Missouri's backfield -- the fullback position -- looks to be in better than-fair shape as the Tigers pound the second week's practice trail here. Even at this early date, the first three fullbacks have come to the fore with a rush. It's easy enough to name them -- Bill Houston, Bob Denke of Sikeston, and Bill Burkhardt -- but another matter to say who's on top. They are running that close.

Today In History

Today is Monday, Sept. 14, 1970, the 257th day of 1970. There are 108 days left in the year.

Today's highlight in history: On this date in 1901, President William McKinley died in Buffalo, N.Y., from gunshot wounds inflicted by an anarchist. Vice President Theodore Roosevelt was sworn in as president.

On this date: In 1628, the second settlement in Massachusetts, Salem, was chartered by John Endecott.

In 1778, Benjamin Franklin was sent to France as an American minister.

In 1812, Russians set fire to Moscow after an invasion by Napoleon Bonaparte.

In 1940, Congress passed the Selective Service Act. It was the first peacetime draft in U.S. history.

In 1945, after World War II, Premier Higashi-Kuni of Japan said: "People of America, won't you forget Pearl Harbor? We Japanese people will forget the picture of devastation wrought by the atomic bomb."

In 1963, Mrs. Andrew Fischer of Aberdeen, S.D., gave birth to quintuplets.

Ten years ago — The United States notified Cuba that Premier Fidel Castro would be restricted to Manhattan during a visit to the United Nations in New York.

Five years ago — Pope Paul VI told the Vatican Council he planned to establish a synod of bishops to consult with him in governing the Catholic Church.

One year ago — Israeli planes were attacking Egyptian targets on the west shore of the Gulf of Suez.

unds Needed

Contributions are needed to assist in the opening of a Youth Center on East Malone Avenue near the Lock Distributing Company plant.

Persons wishing to donate can call 471-5425. Jaycees will make nightly collections at contributor's homes or donors can mail the money to post office box 586.

The center is scheduled to open Saturday.

Frank Harp, chairman of the Jaycee sponsored project, said enough money is needed to pay for materials to get the center opened. It is planned for the center to be a self-sustaining project following opening.

The Jaycees had roadblocks in the city during the weekend and donation receipts have been placed in businesses in Sikeston for donations.

Two Fined

CHARLESTON — Floyd Mason, 18, of Charleston was fined \$12 this morning for careless and imprudent driving and Arthur Jackson, 67, of Charleston was fined \$112 for driving while intoxicated.
